

Dear Students,

stands for Energy, Excellence and Excitement. But it also stands for Extra Experience, Expanded Education and Effective Evolvment.

Join us for the 6<sup>th</sup> edition of the **3E+ International Summer School** at Wrocław University of Science and Technology – one of the top technical universities in Poland. Come and spend this summer in Wrocław – the place to be!

**3E+** offers 60 hours of interactive, small-scale courses (max. 10 students). They are designed to provide an intensive, in-depth look at your topic of study. This year we propose the following courses to choose from:

- *Large Assembly Halls Design – Architectural Acoustics;*
- *Quality control and technical evaluation of building and civil engineering structures;*
- *Green Fuels and Environment;*
- *Acceptance and operating tests of electrical installations and devices;*
- *Programmable Logic Controllers PLC;*
- *Thermal comfort and renewable energy for low energy buildings;*
- *Renewable energy sources in domestic and power sector;*
- *It's a MEMS, MEMS world...;*
- *Introduction to Data Science with Python;*
- *Modelling with stochastic differential equations.*

3E+ also offers Polish language and culture course. 'After hours', almost every afternoon and evening, we deliver a wide range of activities. From City sightseeing tours, sports activities to all day trips outside the City of Wrocław.

When: **2-27 July**

Where: **Wrocław University of Science and Technology (WUST)**

How: For **application** or any additional questions please contact us at [events@pwr.edu.pl](mailto:events@pwr.edu.pl)

Application **deadline: 15<sup>th</sup> April**

Fee: **795 Euro** (included: tuition, accommodation, lunches in students' canteen, welcome and farewell dinner, trips, events, social and sport activities).
